Unless otherwise defined herein, all other capitalised terms used herein shall bear the same meaning as capitalised terms used in the Hong Kong Summary Prospectus dated the 21 April 2008 (the "Summary Prospectus"). A copy of each of the Summary Prospectus, the Articles of Association and the latest annual and semi-annual reports of the Company is available upon request during normal business hours from the Hong Kong Representative of the Company.

Please note that the Irish Financial Services Regulatory Authority (the "Financial Regulator") has not reviewed this letter. The board of directors of the Company accepts responsibility for the accuracy of the information contained in this notice.

Dear Shareholder,

RE: Amendments to the Summary Prospectus

We are writing to you, a shareholder in the Company, to notify you of certain substantive amendments that are to be made to the Summary Prospectus and which are summarised as follows:

(i) Changes in Investment Policies of Certain Funds

The following is a summary of certain changes which are to be made to the existing investment policies of certain Funds. Except as otherwise indicated, the changes will take effect on the Effective Date (as defined below).

Brandywine Global Opportunities Bond Fund

With effect from 16 November 2009, the Fund may only invest in a debt security of an issuer located in an Emerging Market Country if the security is rated Investment Grade, and the long-term sovereign debt of the Emerging Market Country in which the security's issuer is located is also rated Investment Grade.

Registered Office: as above

Company Registration Number: 278601

An umbrella fund with segregated liability between sub-funds

Directors: Brian Collins, Joseph Keane, John Alldis (Luxembourg), Joseph LaRocque (U.S.A)

Western Asset U.S. Money Market Fund

Following approval by shareholders of amendments to the Articles of Association of the Company at the annual general meeting of the Company on 13 August 2009, the investment policies of the Fund are to be updated to address the requirements of the Financial Regulator applicable to money market funds. The securities held by the Fund will be limited to securities which comply with one of the following criteria: (a) have a maturity at issuance of up to and including 397 days; (b) have a residual maturity of up to and including 397 days; (c) undergo regular yield maturities in line with money market conditions at least every 397 days; and/or (d) the risk profile, including credit and interest rate risks, correspond to that of the financial instruments which have a maturity of up to and including 397 days or are subject to a yield adjustment at least every 397 days. The Fund will limit the dollar-weighted average maturity of its investments to 60 days or less (previously 90 days).¹

A monthly portfolio analysis will be carried out in respect of the Fund which shall incorporate stress testing to examine portfolio returns under various market scenarios to determine if the portfolio constituents are appropriate to meet pre-determined levels of credit risk, interest rate risk and market risk, as well as investor redemptions.

Western Asset Emerging Markets Bond Fund

With effect from 16 November 2009, the minimum investment of the Fund in U.S. Dollar denominated securities is to be lowered from 65 to 55 per cent of the Total Asset Value of the Fund.

(ii) New Funds and Share Classes

New Funds, and new share classes for certain of the existing Funds, are being added to the Summary Prospectus.

(iii) Fund Name Changes

The names of the Funds are changing, as detailed in Exhibit A.

(iv) Board Composition Change

The disclosure regarding the board of directors is to be revised to reflect the appointment of Mr. Brian Collins and the resignation of Mr. Frank Ennis.

(v) Updates to the Definitions Section

The definition of "Emerging Market Country" is to be amended to replace reference to a country in which, at the time of purchase of securities, the per capita income is in the "low to middle ranges" with "low to high middle ranges", as determined by the International Bank for Reconstruction and Development.

The definition of "Money Market Instruments" is to be deleted and replaced with the following:

"Money Market Instruments" means instruments normally dealt in on the money market which are liquid, and have a value which can be accurately determined at any time;"

¹ In the past twelve months, the Fund's dollar-weighted average maturity has not exceeded 60 days, so this change to the limit in the Summary Prospectus should not have an impact in practice.

(vi) “Adherence to Investment Objectives and Policies”

This section is to be updated to provide that any change in investment objectives and any material change in investment policies can be made subject to prior written approval of all Shareholders.

(vii) “Investment Techniques and Instruments and Financial Derivative Instruments”

This section is to be updated to reflect amendments to the Financial Regulator’s UCITS Notices (including, in the case of FDI which are traded on a regulated market, the removal of the limit on the total amount of premium paid or received for options and initial margin paid for futures contracts from UCITS Notice 10).

The disclosure regarding stocklending is to be supplemented to by a statement that it is intended that no Fund will enter into any stocklending transaction that would cause, at the time of the loan, more than 20 per cent. of the Fund’s Total Asset Value (including the value of the loans’ collateral) to be outstanding on loan. Up to 25 per cent. of any Fund’s income from stocklending may be paid as a fee to the Funds’ stocklending agent.

The disclosure regarding repurchase agreements is to be supplemented by a statement that it is intended that no Fund will enter into a repo contract which would cause, at the time of entering into the contract, more than 25 per cent. of the Fund’s Total Asset Value to be subject to repo contracts (including repurchase and reverse repurchase agreements).

(viii) “Currency Transactions”

This disclosure has been supplemented to provide that over-hedged and under-hedged positions, while not intended, may arise due to factors outside the control of the relevant Investment Manager or Sub-Investment Manager and that hedged positions will be monitored to ensure that over-hedged positions do not materially exceed the permitted level. This review will also incorporate procedures to ensure that positions materially in excess of 100 per cent will not be carried forward month-to-month.

For certain Funds, such as the Brandywine Global Opportunities Bond Fund, for which currency positions are a significant part of the Fund’s investment strategy, a full hedging of the share classes would negate these currency positions for such share classes, and therefore the relevant Sub-Investment Manager may only partially hedge such share classes.

(ix) “Fees and Expenses”

This section is to be updated to reflect that the Administrator and Custodian are responsible for certain categories of their out-of-pocket expenses as specified in an agreement with the Company and the Company will be responsible for reimbursing the Administrator and the Custodian for other out-of-pocket expenses. The Company shall also reimburse the Custodian for sub-custodian fees which shall be charged at normal commercial rates.

With effect from 16 November 2009, the notice period required for any increase in fees payable to the Investment Manager shall be reduced from three months to one month.

(x) “Determination of Net Asset Value”

This section is to be updated to reflect the Financial Regulator’s amended requirements in relation to the use of the amortised cost method of valuation as set out in their Guidance Note 1/08 – Valuation of Assets of Money Market Funds.

Escalation procedures have been put in place by the Company to ensure that material discrepancies between the market value and the amortised cost value of a money market instrument are brought to the attention of the Investment Manager and in particular that; (i) discrepancies in excess of 0.1 per cent between the market value and the amortised cost value of the portfolio will be brought to the attention of the Directors, the Investment Manager and the Custodian; (ii) discrepancies in excess of 0.2 per cent between the market value and the amortised cost value of the portfolio will be brought to the attention of the Directors and the Custodian; (iii) if discrepancies in excess of 0.3 per cent between the market value and the amortised cost value of the Fund's portfolio of assets occur a daily review must take place, the Directors will promptly consider the actions necessary to reduce such dilution and will notify the Financial Regulator with an indication of the action, if any, which will be taken in this regard.

(xi) "Publication of the Price of the Shares"

Except where the determination of the Net Asset Value for a Fund has been suspended, the Fund's Net Asset Value per Share in respect of each Dealing Day shall be published on the following website: <http://www.leggmason.co.uk/dailyprices²>, and shall continue to be published in respect of each Dealing Day in the South China Morning Post and Hong Kong Economic Journal. Such published information shall relate to the Net Asset Value per Share for the Dealing Day and is published for informational purposes only. It is not an invitation to subscribe for, redeem or convert Shares at that Net Asset Value.

(xii) "Schedule II" –

"D: Investment Restrictions applicable to the Funds under the Taiwanese Regulations"

The restriction on investing not more than 10 per cent of the Net Asset Value of a Fund in certain categories of securities listed on exchanges in Hong Kong or Macao, which are issued or controlled by Chinese government or Chinese companies, and securities included in the Hang Seng China Affiliated Corporation Index, is to be removed.

The maximum investment by each Fund in securities listed on the stock market of the People's Republic of China is being raised from 0.4 per cent to 10 per cent of the Net Asset Value of a Fund.

(xiii) "Schedule III – The Regulated Markets"

The following are being added to the list of stock exchanges and markets set out therein in which investments may be made: the Bond Electronic Exchange (Thailand), Securities Trading Center (Hanoi), the primary dealer system in the Philippines regulated by the Bureau of the Treasury, the primary dealer system in Singapore regulated by the Monetary Authority of Singapore and the principal dealer system in Malaysia regulated by Bank Negara Malaysia.

The following is to be added to the list of stock exchanges and markets set out therein in which investments in financial derivative instruments may be made: the Korea Stock Exchange.

(xiv) Service Provider Name Change

All references to Legg Mason International Equities (Singapore) Pte. Limited are to be revised to reflect the change in name of the entity, to Legg Mason Asset Management Singapore Pte. Limited, which took effect on 1 October 2009.

² This website may contain information of investment funds which are not authorized for sale to the public in Hong Kong.

Effective Date of the Changes

Except as otherwise specifically indicated, the changes will take effect on the date on which the revised prospectus and related documentation required by the Financial Regulator and submitted by the Company has been approved by the Financial Regulator (the “**Effective Date**”). It is expected that the Effective Date will be on or about 2 November 2009. The Company will issue an announcement to the Irish Stock Exchange confirming the Effective Date and this announcement will be available on the website of the Irish Stock Exchange (www.ise.ie).

Redemption of Shares

Shareholders who do not wish to remain in a Fund following the implementation of any of the above changes may redeem their Shares by following the usual redemption procedures as set out in the Summary Prospectus. Where applicable, redemptions of Shares will be subject to a contingent deferred sales charges as set out in the Summary Prospectus.

Should you have any questions relating to these matters, you should contact your distributor or the Hong Kong Representative of the Company at 12/F, York House, The Landmark, 15 Queen’s Road Central, Hong Kong (Investor Hotline: +852 3652 3088).

Yours sincerely,
