Morgan Stanley Investment Funds Japanese Value Equity Fund
Morgan Stanley Investment Funds US Small Cap Growth Fund
Morgan Stanley Investment Funds US Value Equity Fund
(together the "Sub-Funds")**

Dear Shareholders,

We write to you as a shareholder in one or more of the above Sub-Funds of the Company (a "Shareholder") to inform you of the decision of the board of directors of the Company (the "Board") to merge the above Sub-Funds into sub-funds of a new umbrella fund with similar features.

1. Background

On 19 October 2009, Morgan Stanley Investment Management entered into an agreement with Invesco to transfer certain of its portfolio management teams to Invesco, including the teams currently managing the Sub-Funds.

In connection with this agreement, the Board has resolved to merge the Sub-Funds into sub-funds (the "Absorbing Funds") of Invesco Funds II (the "Absorbing Company") as described below (the "Merger").

2. General Information on the Absorbing Company

The Absorbing Company, Invesco Funds II, is a *société d'investissement à capital variable* ("SICAV") registered in the Grand Duchy of Luxembourg pursuant to Part I of the Law of 20th December 2002 on undertakings for collective investment, as amended. The Absorbing Company is an Undertaking for Collective Investment in Transferable Securities ("UCITS") for the purpose of the Council Directive 85/611/EEC, as amended. The Absorbing Company is a SICAV in accordance with Chapter 3 of the Law of 20th December 2002, which shall appoint Invesco Management S.A. as its management company.

Invesco Management S.A. is a *société anonyme* incorporated under Luxembourg law and approved as a management company regulated by Chapter 13 of the law of 20th December 2002.

3. Mergers of Sub-Funds and Share Classes

We hereby inform you that as of 3 September 2010 (the "**Effective Date**"), each Sub-Fund shall be merged with its corresponding sub-fund in the Absorbing Company, by contributing all net assets into the Absorbing Funds, as contemplated in the current Company's prospectus (the "**Prospectus**") and pursuant to Article 24 of the articles of incorporation of the Company.

Please see the table in the Appendix I hereto which sets out the changes in names between the Sub-Funds (and their share classes) as they currently are and the Sub-Funds (and their share classes) once they merge with the Absorbing Funds.

Upon the Effective Date, all remaining Shareholders will receive a number of shares of a similar class in the corresponding Absorbing Funds, calculated based on the net asset value per share of the Sub-Fund compared to the net asset value of the respective Absorbing Fund. Shares held in the Sub-Funds will then be redesignated as shares of the corresponding absorbing Funds, which will be issued without charge, without par value and in registered form (the "**New Shares**"). The total value of the New Shares will correspond to the total value of the shares held in the Sub-Funds.

4. General information concerning the mergers

For more information on the Absorbing Funds, please refer to the prospectus and simplified prospectus of the Absorbing Company, which are available to investors free of charge at its registered office, or on www.invesco.com. In particular, for information on the risk factors applicable to the Absorbing Funds, investors should refer to the "Risk Factors" section in the prospectus of the Absorbing Company. If you are in any doubt about the risk factors relevant to an investment, you should consult your stockbroker, bank manager, solicitor, accountant or other financial adviser.

Merger expenses will be borne by Morgan Stanley Investment Management Limited.

The establishment costs for all the Sub-Funds have been fully amortized.

5. Change in Investment Adviser

Although the portfolio management teams of the Sub-Funds shall remain largely the same after the Merger, the investment adviser and sub-adviser entities appointed in respect of each Sub-Fund will change with effect from the Effective Date. Details of the new sub-advisers are as follows:

- **Invesco Asset Management (Japan) Limited**, Shiroyama Trust Tower 25F, 3-1, Toranomom 4-chome, Minato-ku, Tokyo 105-6025, Japan
- **Invesco Asset Management Limited** of Finsbury Square, London EC2A 1AG, UK ; and
- **Invesco Advisers, Inc.** of 1555 Peachtree Street NE, Suite 1800, Atlanta, GA 30309, USA.

6. No Change in Service Providers

RBC Dexia Investor Services Bank S.A. (14 Porte de France, L – 4360 Esch-sur-Alzette) will continue to act as registrar and transfer agent (the "Registrar and Transfer Agent"), and J.P. Morgan Bank Luxembourg S.A. (6 Route de Trèves, Senningerberg, L – 2633Luxembourg) will continue to act as custodian (the "Custodian") and administrative agent (the "Administrative Agent") respectively. The fees payable to these service providers out of the assets of the Sub-Funds, as currently set out in the Prospectus, will remain substantially unchanged after the Mergers.

7. No Change in Investment Policy / Strategy or Fees of the Sub-Funds

Subject to the changes described in this Notice, the attention of the shareholders is drawn to the fact that the investment policy and strategy, the investment advisory fees and other material features applicable to each Sub-Fund (and their share classes) will remain unchanged after the Merger.

8. Taxation

The Merger will not subject the Sub-Funds or Absorbing Funds to taxation in Luxembourg. Under certain conditions, shareholders could be liable to Luxembourg income tax upon the merger of certain Sub-Funds. However, no Luxembourg income tax would be due on such gains if a double tax treaty is applicable between Luxembourg and the country of residence of the shareholders and provides otherwise. Investors may be subject to taxation in their tax domiciles or other jurisdictions where they pay taxes.

As tax laws differ widely from country to country, investors are urged to consult their tax advisers as to the tax implications of the merger in their individual cases.

9. Redemption / Conversion of Shares prior to Effective Date

Your right to redeem or convert your shares is not affected and you may redeem or convert your shareholding as normal on any Dealing Day during the period from 30 July to 31 August 2010 (inclusive) without any redemption or conversion charges if you do not agree to any of the above changes. Shareholders should note, however, that any contingent deferred sales charge due will still be applicable, please refer to the Prospectus for more detail in this regard.

The last day on which Shareholders may apply for redemption, conversion, subscription or transfer of shares in the Sub-Funds is 31 August 2010 (however, those Shareholders who transact through a platform provider should contact such provider as to when the latest date is for such applications). Accordingly, the next dealing day will be in respect of New Shares in the Absorbing Funds on 6 September 2010.

Personal data may be transferred to and/or processed by entities within the Invesco Group (including their agents and delegates) including companies situated in countries outside of the European Union which may not have the same data protection laws as Luxembourg.

Shareholders may be entitled to request access to or the correction of any data supplied by them, in the manner and subject to the limitations prescribed in applicable legislation. Shareholders may also object, upon request and free of charge, to the processing of their data for marketing purposes. Such requests should be directed to the 'Data Protection Officer' at the address of the Transfer Agent.

15. Performance fees

For the avoidance of doubt, with respect to those Sub-Funds which have performance fees, the method of performance fee calculation and accrual will transfer to the corresponding Absorbing Fund unchanged by the Merger. C. Investment Objectives of the Absorbing Funds

The following information is extracted from the prospectus of the Absorbing Company. For more information on the Absorbing Funds, please refer to the prospectus of the Absorbing Company, which is available to investors free of charge at its registered office, or on www.invesco.com.

Invesco Global Small Cap Value Fund

The Invesco Global Small Cap Value Fund's investment objective is to provide an attractive rate of return, measured in US Dollars, by investing in the common stocks of small to medium sized corporations that the Absorbing Company believes to be undervalued relative to the stock market in general at the time of purchase. Investments will be sought primarily in common shares of corporations domiciled in developed countries, but limited investment may be made in the securities of corporations in developing countries as well. Investment in securities of corporations in developing countries will not normally exceed 5% of the Absorbing Fund. Investments in the securities of small capitalisation corporations involve greater risk and the markets for such securities may be more volatile and less liquid. The Absorbing Fund intends to invest primarily in securities listed on stock exchanges; however, it may also invest in securities traded in over-the-counter markets. The Absorbing Fund may invest, on an ancillary basis, in debt securities convertible into common shares, preference shares and other equity linked instruments.

Invesco Global Value Equity Fund

The Invesco Global Value Equity Fund's investment objective is to seek an attractive long term rate of return, measured in US Dollars, through investment principally in equity securities of companies listed on the world's stock exchanges. Investments will be sought primarily in equity securities of companies domiciled in developed countries, but limited investment may be made in the securities of companies in developing countries as well. Investment in securities of companies in developing

countries will not normally exceed 10% of the Absorbing Fund's net asset value. When considering potential investments, the Absorbing Fund will seek (amongst other things) companies which offer what the Investment Adviser considers to be attractive current dividend yields, or the prospect of what the Investment Adviser considers to be attractive future dividend yields. The Absorbing Fund may also invest in preference shares, debt securities convertible into common shares and other equity linked instruments.

Invesco Japanese Equity Advantage Fund

The Invesco Japanese Equity Advantage Fund's investment objective is to seek long term capital appreciation, measured in Yen, through investment primarily in the equity securities of companies domiciled in or exercising the predominant part of their economic activity in Japan and which are listed on any exchanges or over the counter markets (subject to Appendix A to the prospectus of the Absorbing Company – Investment Powers and Restrictions). The Absorbing Fund will invest in companies who make advantageous use not only of their capital but also their intangible assets (for example, but not limited to, brand values, technical development or strong customer base). The Absorbing Fund may also invest, on an ancillary basis, in debt securities convertible into common shares and other equity linked instruments.

Invesco Japanese Value Equity Fund

The Invesco Japanese Value Equity Fund's investment objective is to seek long term capital appreciation, measured in Yen, through investment in the securities of companies listed on the exchanges and over-the-counter markets in Japan. The Absorbing Fund is primarily invested in the equity securities of Japanese companies, but may also invest in debt securities convertible into common shares and other equity linked instruments.

Invesco US Value Equity Fund

The Invesco US Value Equity Fund's investment objective is to provide reasonable long term capital growth, measured in US Dollars. Investments will be sought in equity securities that the Absorbing Company believes to be undervalued relative to the stock market in general at the time of purchase. The Absorbing Fund will invest primarily in the common or preferred stocks of companies which are located in the US. A company will be considered located in the US if (i) it is organised under the laws of the US and has its principal office in the US or (ii) it derives 50% or more of its revenues from businesses in the US. The Absorbing Fund may also invest, on an ancillary basis, in the equity securities of companies traded principally on US stock exchanges, convertible debt securities, US Government securities (securities issued or guaranteed as to principal and interest by the US government or its agencies and instrumentalities) and investment grade corporate debt securities. Furthermore, the Absorbing Fund may, in accordance with the investment restrictions provided for in Appendix A to the prospectus of the Absorbing Company, invest on an ancillary basis in money market instruments when, in the opinion of the Investment Adviser, the projected total return on such securities is equal to or greater than the expected total return on equity securities or when such holdings might be expected to reduce the volatility of the portfolio (for the purposes of this provision, the term "total return" means the difference between the cost of a security and the aggregate of its market value and income earned).

July 2010

Dear Shareholder of Morgan Stanley Investment Funds,

In October 2009, Invesco announced that it had entered into an agreement to acquire Morgan Stanley's retail asset management business, which includes the transfer of certain of its portfolio management teams to Invesco.

Since then, we at Invesco have been very excited about this development as it is not only consistent with Invesco's strategic priorities, but foremost because this acquisition broadens and deepens our investment capabilities and strategies, **strengthening our ability to provide meaningful solutions to clients.**

In connection with the above mentioned agreement, **the board of Morgan Stanley Investment Funds has resolved to merge several of its Luxembourg-domiciled sub-funds into sub-funds of Invesco Funds II, a separate Luxembourg-domiciled umbrella fund specifically created for this purpose.** Please note the separately enclosed shareholder notification issued by Morgan Stanley Investment Funds for more detailed information.

Investment policies and strategies remain unchanged

As the portfolio management teams of the relevant Morgan Stanley Funds shall remain largely the same after the merger, none of the investment policies or strategies will change. We would like to specifically confirm this, since we understand that it will be naturally one of your key concerns.

As a future step, and in order to make the whole range of Invesco funds available to our clients via one convenient and efficient umbrella structure, it is Invesco's intention to ultimately combine the newly created "Invesco Funds II" SICAV with our existing Invesco Luxembourg-domiciled flagship "Invesco Funds" SICAV. A specific date has not been set for this activity but currently it is likely to be carried out in 2011, which we plan to undertake at such time taking into account necessary considerations and relevant business factors, and also subject to getting all necessary approvals.

We are looking forward to serving you as shareholders in Invesco Funds II once the transaction is completed.

Best regards,

A handwritten signature in black ink, appearing to read "Carsten Majer".

親愛的摩根士丹利投資基金股東：

在 2009 年 10 月，景順公布一項收購摩根士丹利零售資產管理業務的協議，包括轉移其部分投資組合管理團隊至景順。

自此，景順非常期待有關收購合併的進展，因是項收購不但符合景順的重點策略，最重要的是有助擴闊並加強我們的投資實力和策略，使我們精益求精，為客戶提供更卓越的投資方案。

有關上述協議方面，摩根士丹利投資基金董事會決定把其於盧森堡註冊的數項子基金，合併至景順基金 II 旗下的子基金內。景順基金 II 是一項特別為今次收購而設的獨立盧森堡註冊傘子基金，詳情請參閱隨函另附的股東通知書(由摩根士丹利投資基金發出)。

投資政策及策略維持不變

鑑於在合併後，相關摩根士丹利基金的投資組合管理團隊大致維持不變，因此投資政策或策略並無任何變動。我們深明這必然是閣下最關注的事項，故特此來函確定。

日後，為了透過一個簡便高效的傘子架構，為客戶提供整個系列的景順基金，景順擬最終把新成立的「景順基金 II」可變資本投資公司(SICAV)與現有於盧森堡註冊的旗艦產品「景順基金」可變資本投資公司(SICAV)二合為一。上述基金合併的日期尚未確實，但預計將於 2011 年進行，唯須獲取所有必須的審批，並要考慮有關的商業因素及其他因素。

我們期待有關交易完成後，致力為所有景順基金II的股東提供服務。

此致
